

POLICY AND PROCEDURE ON SERVICE TERMINATION

I. PURPOSE

The purpose of this policy is to establish determination guidelines and notification procedures for service termination.

II. POLICY

It is the intent of the company to ensure continuity of care and service coordination between members of the support team including, but not limited to the person served, the legal representative and/or designated emergency contact, case manager, and other licensed caregivers during situations that may require or result in service termination. The company restricts service termination to specific situations according to MN Statutes, section 245D.10, subdivision 3a.

III. PROCEDURE

The company recognizes that *temporary service suspension* and *service termination* are two separate procedures. The company must limit temporary service suspension to specific situations that are listed in the *Policy and Procedure on Temporary Service Suspension*. A temporary service suspension may lead to or include service termination or the company may do a temporary service suspension by itself. The company must limit service termination to specific situations that are listed below. A service termination may include a temporary service suspension or the company can do a service termination by itself.

- A. The company must permit each person served to remain in the program and must not terminate services unless:
 1. The termination is necessary for the person's welfare and the person's needs cannot be met in the facility;
 2. The safety of the person or others in the program is endangered and positive support strategies were attempted and have not achieved and effectively maintained safety for the person or others;
 3. The health of the person or others in the program would otherwise be endangered;
 4. The program has not been paid for services;
 5. The program ceases to operate; or
 6. The person has been terminated by the lead agency from waiver eligibility.
- B. Prior to giving notice of service termination, the company must document actions taken to minimize or eliminate the need for termination. Action taken by the company must include, at a minimum:
 1. Consultation with the person's expanded/support team to identify and resolve issues leading to issuance of the termination notice; and
 2. A request to the case manager for intervention services as identified in section 245D.03, subdivision 1, paragraph (c), clause (1), or other professional consultation or intervention services to support the person in the program. This requirement does not apply to notices of service termination issued due to the program not being paid for services.
 3. If, based on the best interests of the person, the circumstances at the time of the termination notice were such that the company was unable to take the action specified above, the company must document the specific circumstances and the reason for being unable to do so.
